February is widely recognized as National Spay/Neuter month, and National Spay Day is also in February. We at SNSI are doing our part to reduce unwanted births again this year. During the entire month of February, SNSI and participating private practice veterinary clinics from around Central Indiana join together to make affordable spay/neuter available to anyone who wants it.

This year over 30 clinics are participating, with clinics located in Anderson, Avon, Bargersville, Bloomington, Bloomfield, Camby, Danville, Franklin, Greenfield, Greenwood, Indianapolis, Martinsville, Nashville, New Castle, Noblesville, Seelyville, Westfield, and Worthington.

As in years past, fees for the spay or neuter surgeries typically run between \$30 and \$60, depending on the type and sex of the pet. Low cost vaccinations are available with

a spay or neuter.

Certificates will be available on our website through the end of February at:

www.SpayNeuterServices.org

What you can do:

We know you care about reducing the number of unwanted pets, and believe that spaying and neutering pets is the best way to do it. **Help us get the word out:** Tell your friends, family, and co-workers.

This year we have included a copy of the certificate in our newsletter for you to keep on hand. Use it yourself if you need it, or pass it on to someone else. Feel free to make copies of the certificate or print more from our website.

EASY WAYS TO KEEP OUTDOOR PETS SAFE THIS WINTER

Even if you don't have outdoor pets, your neighbors might, or there might be stray animals around.

- **Watch for antifreeze leaks.** It is deadly, and it has an appealing taste.
- **Use a pet safe de-icer.** Several brands are safe to use around pets. Check your local pet supply store.

- **Bang on the hood of your car or beep your horn before you start your engine.** Warm engine blocks are appealing to cold cats.
- **Look before you lock.** Make sure no animals have taken shelter in your shed, garage, car, or anywhere else they could get locked in, especially if you won't be opening it again for a while.

INDYFERAL'S CALENDAR RECEIVES NATIONAL AWARD

Congratulations to IndyFeral, whose 2007 Cat Calendar was recognized by the Cat Writer's Association with a Muse Medallion™ at their 2007 annual conference. The calendar won the "special publications" category of the national competition.

2007 marked the first year IndyFeral produced a calendar, and receiving a national award from the Cat Writer's Association was

an unexpected honor. Executive Director Lisa Tudor said "We are thrilled to have our calendar nationally recognized. One of the reasons we decided to produce a calendar was to increase awareness of stray and feral cats, and of Trap-Neuter-Return, known as TNR, which is the only humane method of population control for these cats. TNR breaks the cycle of breeding and reduces or eliminates nuisance behaviors."

"We hope this award will allow

IndyFeral's 2008 calendar cover. Art by Rob Day.

us to share this knowledge with a wider audience," said Tudor. "We want people to understand that feral cats are not scary or dangerous. While they usually don't make good pets, with TNR, there is something that can be done to help reduce their numbers without killing them."

IndyFeral's 2008 calendar is currently available for purchase through IndyFeral's website:

NATHAN WINOGRAD MAY 3-4

On October 8th 2007 Move to ACT hosted a book signing for "REDEMPTION" and introduction on Building a No Kill Community by Nathan Winograd that attracted more than 100 people representing animal welfare organizations from across the state. Mr. Winograd reviewed the history and direction of animal sheltering in the United States, and introduced his "equation" for reducing and ultimately eliminating the killing of companion animals. Widely available low cost spay-neuter options are an essential part of the equation.

Mr. Winograd will be returning to Indianapolis May 3-4, 2008 to conduct a 2 day workshop that expands on the info presented in October. For more info and to register for the May event, visit:
